

RANGE RESPITE

Dorothy cared for her husband for months before reaching out for help from Range Respite. She received a Hugs & Stitches quilt and wrote “the beautiful color lap robe is ...a loving reminder of how much it means to have wonderful people like you to lighten my burden.” She soon realized that even a few hours away each week helped her to refresh and continue in her exhausting role and said, “*I wish I had asked for help much sooner!*”

Ed died recently. Dorothy continues to receive caregiver support through the Good Grief Program. Dorothy sent another note,

*“Thank you all for the kindness you gave to Ed and me. Your staff was very professional and we greatly appreciate what you did for us. I always felt Ed was in very good hands when I had to leave him. You were all so kind.
God's Blessing!*

Sincerely,

Dorothy & Family”
