

Sexual Assault Program

of Northern St. Louis County

Basic Needs

The Sexual Assault Program located in Virginia has helped me to no end. The advocates offer support physically and emotionally.

When I was raped, it was a sexual assault advocate that was by my side through every aspect following. She came with me to the hospital which was a very traumatic time for me. She held my hand, talked me through it and sympathized with me.

The Sexual Assault Program is of great benefit to me. They help me deal with all the emotions, feel the anger, etc. My own family could not offer as much support as they did to me. Rape is traumatic enough and if that program had not been there to help me through this very bad time, I don't know what I would have done.

They guided me step by step through the process of events that would have to happen following the rape. This was of great help to me. I feel this program provides so much help for victims of rape. I honestly would not know where I'd be today if it wasn't for the Sexual Assault Program of Northern St. Louis County.

Education

Thank you for all your efforts to present "Good Touch-Bad Touch" program at our school. I received many favorable comments about your presentation from the staff. I appreciate your organizations offer to present the program at no cost. Due to budget issues our district does not have the financial resources to provide such programming to our students. Thank you. Your efforts will make a difference in the life of a child. One just never knows when and where.

- You did an amazing job!
- This is the best program we've ever had.
- Very good presenting to children—impressive.
- I was glad that I went to the meeting. It gave me some helpful hints on keeping our little ones safe.
- She had a lot of great materials and knew all of her info—she kept the children's attention.
- The presenter did a fabulous job with the great story and the props. I really feel the children understood. The children were engaged the entire time and she made them feel involved. I will definitely have her come back next year.
- I believe that this was the best presentation that I have seen.
- Thank you so much for providing a stellar presentation to our future educators. Your presentation was outstanding! (Great visuals and materials.) Thank you for making a difference.
- She did a fantastic job interacting with students. Very worthwhile.
